## Preparing File for Plastic Folder

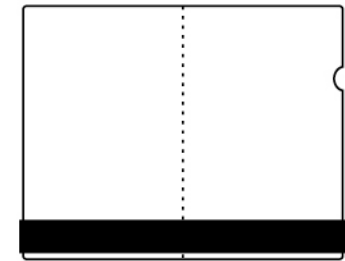

- Regarding the standard die-cutter of full-coloured folder, please visit our website [www.e-print.com.hk](http://www.e-print.com.hk)
- Texts should be outlined, and resolution of graphic should be 300-350 dpi

Same as general artwork design, texts should be outlined, resolution of graphic should be 300-350 dpi, and set the colour mode in CMYK

As the plastic folder is transparent, to avoid that in certain area, please highlight the proposed area with 5th 100% black colour, method would be the same as spot UV
